

## Lyn Haber, Ph.D.

**Resume** (January, 2012)

### **Address:**

313 Ridge View Drive, Swall Meadows, California 93514  
Telephone 760-387-2458  
Fax 760-387-2459  
E-Mail: lhaber@humanfactorsconsultants.com  
Web: www.humanfactorsconsultants.com

### **Current Position:**

Partner, Human Factors Consultants, 1987-present

### **Forensic Scientist and Expert Witness**

Since 1980 I have applied to forensic science my scientific training and experience in the evaluation and design of training programs, methodology, assessment, and factors that affect the accuracy of outcomes. I have consulted with attorneys, offered seminars, published, presented at conferences and provided expert testimony on factors that affect the accuracy of child and adult testimony, including: how the witness is questioned, the effects of new information and the passage of time on memory; on comprehension of language, authorship, verbal harassment and how to elicit information from children; and on the factors that affect the accuracy of fingerprint comparisons. With respect to factors that affect the accuracy of fingerprint comparisons and identifications from lineups, I have, with Ralph Haber, presented our work at meetings of both latent print examiners who testify on behalf of the prosecution and at meetings of defense attorneys. I have, with Ralph Haber, written an affidavit in 1990 applying the research evidence on the accuracy of long term memory to memory retrieval, submitted to the U.S. Federal District Court (Northern Illinois) in support of a petitioner. In 2005 we submitted a Brief Amici to the Massachusetts Supreme Court on the scientific basis of fingerprint evidence in support of a petitioner.

### **Human Factors Consultants Partnership**

I am a partner with my husband, Ralph Norman Haber, in the firm **Human Factors Consultants**. Together, we provide consultation, reviews of existing scientific research, and we perform new research for legal and business clients and for the government. We also provide expert testimony in court. We specialize in issues involving the application of science to **methods** (for example, of training, or ways to evaluate hazards, or how best to question a witness), to **accuracy** (for example, what factors affect the accuracy of memory, of eyewitness identification from a lineup, of fingerprint comparisons, of a child's memory, of a recovered memory); and to **assessment** (for example, of

performance, of the safety of a work environment, of the quantitative success of a training program).

**Pre-doctoral Education**

University of Rochester, 1959-1960, English  
Brandeis University, 1960-1963, BA in English Language and Literature, 1963  
University of Vienna, 1963-1964. Sprachprüfung in German Language,  
1964. Linguistic Society of America Summer Institutes:  
University of Michigan, Ann Arbor, 1965;  
University of Michigan, Ann Arbor, 1967;  
University of California at Berkeley:  
MA in Linguistics, 1965;  
Ph.D. in Linguistics, 1970

### **Post-doctoral Education**

Linguistic Society of America Summer Institutes:  
State University of New York, Buffalo, 1971;  
University of Michigan, Ann Arbor, 1973  
University of California at Santa Cruz, Interdisciplinary Seminar in Reading,  
1972  
Arizona State University, postdoctoral training in Speech and Hearing  
Sciences, 1982.  
University of Illinois at Chicago, MA in Education, 1984  
Arizona State University, Tempe; courses in color photographic printing,  
1982  
Photographic Tutoring, Brad Temkin, Chicago, black and white printing,  
1992-1994  
Photographic Tutoring, Tom Millea, Carmel, platinum and computer  
printing, 1998-1999  
Sierra Business Council Leadership Training, 2002  
Forensic Interview Training, Harvey Shapiro, Instructor, 20 hours, August,  
2005

### **Latent Fingerprint Comparison Training**

Basic Course taught by Richard Whalley, CLPE, Richard Whalley  
Associates,  
San Diego, CA, 2003. 24 hours  
Ridgeology Science Workshop, taught by Kasey Wertheim, CLPE, IAI,  
Santa Ana, CA., Dec. 1-5, 2003, 40 hours  
Basic Forensic Ridgeology, taught by David Ashbaugh, CLPE, IAI,  
Westchester, CA., Jan. 17-21, 2005. 40 hours  
Scientific Analysis: ACE-V and Daubert, taught by Michele Triplett, CLPE,  
Seattle, WA.,  
April 5-7, 2010. 20 hours

### **Honors**

National Merit Finalist, 1958  
Dean's List, I and II, University of Rochester, 1959-1960  
Dean's List, I and II, Brandeis University, 1960-1963  
Delta Phi Alpha (Honorary German Language Society), 1961, Brandeis  
University  
Phi Beta Kappa, 1963, Brandeis University  
Graduated Cum Laude, Honors in English Language and Literature, 1963,  
Brandeis, U.  
Foreign Service Institute Internship, Washington, D.C., 1966  
Education Abroad Program, Athens, Greece, 1967  
American Council for Learned Societies Grant, 1967

Teaching Assistantship Award, University of California at Berkeley, 1965-1968

Research Assistantship Award, University of California at Berkeley, 1968  
Society of the Sigma Xi, Associate member, 1968; Full member 1974

### **University Employment**

University of California at Berkeley: Teaching assistant in German and German

translation for Ph.D. candidates, 1965-1968.

Temple University, Philadelphia. Department of English:

Instructor of Linguistics, 1968-1970;

Assistant Professor of Linguistics, 1970-1973;

Assistant Professor, College of Education, Triple T program, 1971-1972.

University of Rochester, Department of Psychology:

Research Associate and Assistant Professor of Psychology, 1973-1976; Research Associate and Associate Professor, 1976-1979.

Stanford Univ., Visiting Assistant Professor of Linguistics and Psychology, Summer 1977

Arizona State University, Adjunct Associate Professor of Psychology, 1981-1983.

University of Illinois at Chicago:

Visiting Associate Professor, College of Education, 1979-1980;

Adjunct Associate Professor, Department of Psychology, 1980-1991;

Adjunct Full Professor, Department of Psychology, 1991-1994.

University of California at Santa Cruz: Research Associate, Department of Psychology,

1995-2000.

University of California, Riverside: Adjunct Professor, Department of Psychology, 97-99.

## **Other Professional Employment**

Austro-Amerika Institut, Vienna. Teacher of English as a Second Language, 1964.

Foreign Service Institute, Washington, D.C. Scientific Linguist, 1966.

Evstadiou School, Athens, Greece. Teacher of English as a Second Language, 1968.

Center for Curriculum and Develop (Chilton Co.), Phila. PA., Linguistics Consultant, 1969.

National Technical Institute for the Deaf, Rochester, NY. Linguistics Consultant, 1977-

1978. Design teaching and training programs.

Board of Cooperative Educational Services (BOCES I), Rochester, New York.

Linguistics Consultant, 1977-1979. Taught courses and designed training for staff in Linguistics, Reading, Psycholinguistics, and in Language Disorders.

Gates-Chili School District, Rochester, New York. Linguistics Consultant, 1977-1979.

Evaluated Language Arts programs for district, and taught courses to staff.

Board of Cooperative Educational Services (BOCES II), Rochester, NY. Linguistics

Consultant, 1977-1979. Diagnoses; design and assessment of intervention

World ORT Union (Organization for Rehabilitation Through Training), Geneva,

Switzerland; consulting Linguist, 1976-1979. Evaluated training program; wrote new textbook; designed new program and trained staff.

Veterans Administration Hospital, Canandaigua, New York. Consultant, Department of Neurology, 1977-1981. Diagnoses; trained nurses and aides.

Illinois Institute of Developmental Disabilities, Chicago, Consultant, 1980-1981.

Lovena Ohl Foundation, Scottsdale, Arizona. Linguistics Consultant, 1981-1992. Taught

English as a Second Language to profoundly hearing impaired adults.

Arizona Air National Guard, Tucson, AZ. Consultant. Development of in-flight fighter pilot

training program for low altitude flying. 1982-1985.

US Air Force Safety Center, Norton Air Force Base, CA. Consultant. Analysis of task

components of air traffic control systems and equipment. 1982-1986.

City of Chicago Board of Education, Speech Pathologist, City School System, (Full Time), 1984-1986.

Illinois Institute of Technology (IIT), Chicago, IL. Consultant. Development of simulator training programs for railways freight locomotive engineers; contract from the Federal Railway Administration (USDOT) to IIT, 1984-1985.

Illinois Institute of Technology, Chicago, IL. Consultant. Testing of alerter devices for vigilance of railway engineers. Contract from the Federal Railway Administration (USDOT) to IIT, 1985.

Illinois Institute of Technology, Chicago, IL. Consultant. Analysis of the safety of automated subways in the US. Contract from the Urban Mass Transit Authority (USDOT) to IIT, 1986.

Illinois Institute of Technology. Consultant. Development of a generic training program for railways engineers driving the MX missile trains. Contract from the US Air Force to IIT, 1986 – 1988.

Federal Railway Administration contract to develop a certification test for railway freight locomotive engineers. 1988.

Illinois Institute of Technology, Chicago, IL. Consultant. Analysis of dispatching systems of US railways. Contract from the US Air Force to IIT. 1988.

Veterans Administration Hospital, Hines, Illinois. Research Scientist, Rehabilitation Research and Development Center, 1988-1990.

Veterans Administration and the Illinois Institute of Blind Rehabilitation, Chicago, IL.

Grants to develop training programs and evaluate performance by blind travelers. 1988-1993.

Contract with the Bausch and Lomb Optical Company, Rochester, NY to identify the factors that make eyewear fit, measure the heads of eyewear users and develop

computer software to aid in eyewear design as a function of fit.  
1991-1993.

Illinois Transportation Institute, IL. Consultant. Evaluation of human factors issues of in-

car navigation systems. Contract from USDOT to ITI. 1991-1992.

Contract with the Nike Shoe Co., Portland, OR, to identify the factors that make footwear

and athletic clothing fit. 1995-1996.

### **Reviewing**

National Science Foundation, section on Linguistics

The Behavioral and Brain Sciences

Buros Mental Measurements Yearbook

Test Corporation of America

Journal of Experimental Psychology

Human Factors Journal

### **Memberships**

Society of the Sigma Xi

Linguistic Society of America

Psychonomic Society

American Speech Language and Hearing Association

American Psychological Society

International Association for Identification

### **Certifications**

Arizona State Certification in Education, K-12 for Teaching Speech and language Impaired

Illinois State Certification in Education, K-12, for Teaching Speech and Language Impaired

Board of Education, City of Chicago, Special Education--Speech and Language Impaired,

American Speech, Language and Hearing Association, Certification of Clinical Competence,

as a Speech Pathologist.

### **Clinical Experience**

Gates-Chili School District, Chili, New York: 1977 -1979; 320 hours with normal and

mentally retarded children.

Board of Cooperative Educational Services, Fairport, New York. 1977 - 1979; 800 hours with

mentally retarded and severely learning disabled children; 1000 hours with adults.

Veterans Administration Hospital, Canandaigua N.Y: 1977 - 1981; 880 hours with adults.

Lovena Ohi Foundation, Scottsdale, Arizona: Sept. 1981 -1992; over 300 hours with adults.

Arizona State University Speech and Hearing Clinic, 1982. 125 hours with children; 425 hours with adults.

City of Chicago School System; Speech Pathologist. 1984 -1986: 80 child case load per year, plus screening and diagnostics.

### **Research Grants and Contracts**

National Institute of Education, Grant NE G-3-0090: Perceptual components of reading, 1973 -1976.

United States Department of Transportation, Urban Mass Transit Authority, IL-06-0061:

Vigilance problems in subway motormen, 1985.

Veterans Administration, Hines, Il. Rehabilitation R&D Center: Spatial Cognition in the blind, 1987, Co-Principal Investigator.

Veterans Administration, Washington, Rehabilitation R&D Center contract No. 448R:

Measuring the knowledge of spatial layout in visually impaired adults. 1988-1989, Co-Principal Investigator.

Veterans Administration, Washington, Rehabilitation R&D Center, Contract No. C995-

PA: The development of an objective measure of orientation skill in the blind. 1990, Co-Principal Investigator.

National Eye Institute, Grant No. EY-07801: Measuring the knowledge of spatial layout in blind adults. 1990-1993, Co-Principal Investigator.
